It is a collection of the best comics from the first year of Webcomic Name, plus 50% new book-exclusive comics.

Pre-orders will be shipped in 3-4 weeks.

Every copy lovingly signed by Alex Norris with a cat and a blob <3

Amazon Book Reviews By People Who Have Never Seen My Comics Before:

- “It’s just a pink blob that makes observations and says ‘oh no’. It was really quite dumb.”
- “It is funny but left me with downer feeling. Everything good that ever happened in our main character, the blob’s life, ended negatively. This might be a good coffee table book, but there are too many OH No’s for my taste.”
- “I can pretty much sum up this book in two words: oh no. I don’t even know what I am supposed to review. It was pretty much the same comic over and over again.”

Book info: paperback, 125 pages, first published in 2019 by Andrews McMeel.
